Re: Records Requests

Ms. De Fazio:

Chapter 239 of the Nevada Revised Statutes (“NRS”), specifically NRS 239.0107(1), requires a governmental entity to respond to public records requests “[n]ot later than the end of the fifth business day after the date on which the person who has legal custody or control of a public book or record of a governmental entity receives a...request... to inspect... the public book or record.” Accordingly, the Public Utilities Commission of Nevada (“Commission”) is responding to your June 17, 2017, request for:

Every email to/from Barbie regarding the LEED certification, IAQ tests/ reports, to/from building management company, building owner, Garrett, Reynolds et al!. Record of update to NV Employee Directory listing when: Quintero became the legal case manager, Diss and Hall became financial analysts, Kareck became Sr Financial Analyst, what is the job description for Operations Analyst (no such state position under the PUC), Rivard became Supervisor of Consumer complaint/resolution, Ronk became Mgr of Consumer complaint/resolution, Whitman became an electrical engineer, Cusick became DEMOTED to Biz Process Analyst 1, ALL EMAILS between Howard Geller and Joe Reynolds. IN OFFICE INSPECTION!!!!!!!!!!!!!!!!!!!!!!”

For the reasons listed below, the Commission cannot provide the records you requested.

1. No employee named “Barbie” is, or ever has been, employed by the Commission. As such, the Commission has no records responsive to your requests for “[e]very email to/from Barbie regarding the LEED certification, IAQ tests/ reports, to/from building management company, building owner, Garrett, Reynolds et al!”

///
///

2. Similarly, the Commission is unable to provide:

Record of update to NV Employee Directory listing when: Quintero became the legal case manager, Diss and Hall became financial analysts, Kareck became Sr Financial Analyst, what is the job description for Operations Analyst (no such state position under the PUC), Rivard became Supervisor of Consumer complaint/resolution, Ronk became Mgr of Consumer complaint/resolution, Whitman became an electrical engineer, Cusick became DEMOTED to Biz Process Analyst 1...

at this time because no such records exist. Pursuant to Nevada Administrative Code (“NAC”) 239.867, an agency is not required to create records that do not exist. Specifically, the Commission does not keep a “record of update” when an employee’s position title changes in the Nevada Employee Directory. Furthermore, the Commission does not have legal custody, as that term is defined under NAC 239.041, of the “NV Employee Directory.” Any records related to the Nevada Employee Directory would be within the legal custody of the State of Nevada Enterprise IT Services, the agency responsible for developing and maintaining the directory. The State of Nevada Enterprise IT Services may be contacted at: 100 N. Stewart Street, Suite 100, Carson City, Nevada 89701.

3. Your request for “Record of update to NV Employee Directory listing when:... ALL EMAILS between Howard Geller and Joe Reynolds” is incoherent. However, it appears that you are seeking to inspect records related to the Nevada Employee Directory, which, as noted above, are likely within the legal custody of the State of Nevada Enterprise IT Services.

Finally, with regard to your request for “IN OFFICE INSPECTION!!!!!!!!!!!!!!!”, the Commission is dedicated to ensuring any non-confidential information within its custody is made available to the public, subject to certain fees and costs authorized under NRS 239.052, described in the attached document.

If you have any questions or wish to clarify your request to inspect public records, please feel free to contact me.

Sincerely,

Cameron Dyer
Administrative Attorney
